

## Mop & Strip

Mop & Strip is a heavy-duty super concentrated, rinse-free floor finish stripper for problem floors. Its unique formula is free of Ammonia and Caustic, is fast-penetrating, and easy to use. Mop & Strip is designed to dissolve all acrylic and styrene acrylic finishes. It quickly removes build ups, which leaves no residue, produces savings of time and money for any routine floor care program.

Mop & Strip is especially designed for today's floor surfaces that have been hardened due to high speed burnishing and buffing. It can quickly penetrate multiple layers of built up finish and remove old coats. Also removes waxes and sealer finishes.

Mop & Strip does not require the use of any mechanical equipment; it can be used with a mechanical aid but can also be used just as effectively with a mop and bucket.

### PROPERTIES

Activity ..... 100%  
Evaporation Rate ..... Slower than Butyl  
Pounds per Gallon ..... 8.0 – 8.1  
pH (ASTM E70) ..... 11.0–12.5  
Coverage ..... Strips 1000 – 2000 sq. ft. \*  
Freeze Thaw (ASTM D3209) ..... Passes  
Solubility in Water ..... Complete  
Alkali Residue ..... None

### DIRECTIONS

For wax stripping, use 1 part to 2 parts cold water. \*  
Apply generously to floor surface.  
Allow several minutes before agitating.  
Squeegee or mop up cleaner and old finish.  
Rinse, and allow surface to dry.
